Quit the Dredger.

Capt. Paul Smith, formerly of the Hawaiian National Guard, on Saturday last severed his connection with the Government dredger. He has received orders to report to the commanding officer of his regiment, the 42nd U. S. Volunteer Infantry, in San Francisco, but as his regiment is already en route to the Philippines, he will undoubtedly receive additional orders to sail direct for Manila from Honolulu by transport in the near future. During his long service with the dredger, Capt. Smith has performed splendid work and his successor will of necessity have to perform wonders to equal the retiring Captain's success.
